

PRODUCT FACT SHEET

RESTORE MULTI- PURPOSE BASKET

FURNITURE / LIGHTING / ACCESSORIES

Mika Tolvanen on the design "I wanted the basket to have a non-obtrusive nature. Polymer felt combined with a soft form give the basket a friendly appearance. The name Restore is inspired by the fact that baskets are made of recycled PET bottles."

PROCESS

The material is PET fibers. A percentage of the product comes from recycled plastic bottles, which are granulated, heated and blown like little fibers that are subsequently dyed. The fibers are worked together like mats, which can be pressed over heat-influenced forms that enables the material to maintain its shape.
